PUGS IN MUGS

Aim of the game

Become the victor and the envy of all your friends by collecting **one pug-filled mug of each pattern**.

Setup

1 Separate the **Mug** cards out from the **Pug Deck**.

2 Shuffle the Pug Deck.

3 Deal each player **two cards**.

4 Place the deck within easy reach of all players, leaving space beside it to place discarded cards.

5 **Begin play.** The first player is whoever stroked an animal most recently! Play then continues in a clockwise direction.

Player's turn

▶ **Take two actions**
  ▶ Draw a card
  ▶ Play a Mischief card
  ▶ Exchange Pugs for a Mug
  ▶ Steal a Mug!

▶ **End turn** (discard cards down to five)

Actions

Perform **any two** of the following actions. Actions can be performed twice.

▶ **Draw a card**
  Take a single card from the top of the Pug Deck and add it to your hand. If there are no cards left, first shuffle the discard pile thoroughly then turn it into the new Pug Deck.

▶ **Play a Mischief card**
  Reveal a **Mischief card** from your hand! Do the action on the card and then place the Mischief card face up in the discard pile.

▶ **Exchange Pugs for a Mug**
  Take **any three Pugs of the same colour** from your hand and exchange them for **a Mug of a matching colour**.

  Place your Mug **face up** in front of you, where you can admire it often. The cards you exchanged for it go face up into the discard pile.

  No taking more than one Mug of the same colour, though. *That would just be rude!*

▶ **Steal a Mug**
  You may place **one Pug of every colour from your hand** face up into the discard pile, dazzling another player with such a varied display of adorableness that you are able to steal one of their Mugs. It *cannot* be a Mug of a colour you already have, or the final Mug you need to win the game!

YOINK!

Ending your turn

Once both actions have been played, check your hand to see how many cards you are holding. **Discard cards of your choice until you hold only five**.
